1. Shine your light, shine your holy light,
Shine the light of your love on me tonight;
Show your way, show your chosen way,
Show the way I should follow every day.

CHORUS:

And I will praise you with my heart,
And praise you with my soul,
And praise you with my voice
For all my days;
And I will sing you songs and hymns
And glorify your name;
I'll give you worship due
And bring you praise.

2. Give me strength, strength to work for you,
Let me serve you in everything I do;
Be my hope, be my promised hope,
So that I in my darkest hours will cope.

3. Show your word, word that comes from you,
Let me read it and recognise its truth;
Hear my prayer, hear my every prayer,
Give me stillness to hear your answer there.
